IDEAL TEXTILE CORPORATION is a leading Importer, Exporter, Manufacturer, Distributor, & Wholesaler in the USA. We are a third generation company offering quality Imported Linens, Institutional Textile, & Auto Detailing. Our products and offerings include a complete range of textile products at competitive prices to leading organizations.

OUR COMPANY

Why should you choose us?

Ideal Textile Corporation is a third generation textile company to the industrial and commercial linen market. We are the largest provider of textiles product. Ideal Textile was founded in 1957 in Karachi, Pakistan, opening US headquarters in 2012. Our mills are monitored closely by ITC management, and have well-established quality systems.

MESSAGE FROM OUR CEO

"What distinguishes IDEAL TEXTILE CORPORATION from others?"

Driven by our commitment to clients, we deliver exceptional products with unique and enduring design. Our exciting brand, comprehensive global strategy, and deeply aligned team, guided by our core beliefs and a powerful sense of purpose, set the stage for a bright future. By working collaboratively, we are confident in our ability to accomplish significant milestones.

Industrial textiles are high-performance fabrics designed for use in manufacturing, construction, automotive, healthcare, and other commercial applications. Engineered for strength, durability, and functionality, they include materials such as canvas, nonwovens, and technical fabrics that can withstand heavy use, harsh environments, and repeated cleaning. Ideal for tasks requiring reliability and resilience, industrial textiles support a wide range of industries with practical, long-lasting solutions.

Ideal Textile Corporation streamline your business operations through our comprehensive drop shipping services. Partnering with us allows you to broaden your product selection and concentrate on your core activities, eliminating the complexities of inventory management and logistics.

Shipping Policy:

At Ideal Textile Corporation, we are committed to maintaining the confidentiality of all shipping information entrusted to us. We ensure that all customer data is handled with the utmost care and is not shared with unauthorized third parties. Our privacy practices are detailed in our Privacy Policy, which outlines our commitment to data protection and confidentiality.

Once we receive the order, we will ship it within 1 business day.

PROPOSAL

We have our very own manufacturing plant with a fully operated production facility. Backed by years of industry experience, a skilled workforce, and state-of-the-art machinery, we cater to both domestic and international clients with high-quality textile products at competitive prices. We can also deliver textile products crafted to meet your exact quality standards—at the most competitive prices.

Manufacturing Facility

Our manufacturing plant, located in Pakistan, spans a covered area of 200,000 square feet, designed to optimize workflow and ensure consistent output. Our facility is equipped with a full range of machinery to handle diverse production needs, including:

100 Towel Shuttle Looms200 Towel Power Looms225 Stitching Machines60 Fabric Shuttle Looms100 Fabric Power Looms

PROPOSAL

Production Capacity

Our facility boasts impressive monthly production capabilities: Towel Production: 1,305,000 lbs/month Woven Production: 800,000 lbs/month

Delivery Options:

To meet varying customer needs, we offer flexible shipping terms: **FOB (Free on Board):** We deliver the container to Karachi Port, Pakistan. From there, all responsibility shifts to the buyer.

C&F (Cost and Freight): We cover the freight charges; the buyer is responsible for import duties and other charges.

DDP (Delivered Duty Paid): A hassle-free option where we manage everything—from freight to duties—delivering the goods directly to your locations.

Global Market Reach

Our products are widely recognized for their superior quality and affordable pricing. We have built a strong reputation in key international markets such as the United States and Europe, where demand for reliable and high-quality textile goods continues to grow.

Our Guiding Principle

We operate with a clear and consistent philosophy: "Facilitate the client's need by providing all the services and products under ONE ROOF."

International Recognition

Our recent participation at Hem Tex, Germany was a major milestone. We received notable appreciation for our innovative products, characterized by fine quality, elegant finishing, and competitive pricing—solidifying our position as a forward-thinking and globally relevant textile manufacturer.

CERTIFICATIONS

Ideal Textile Corporation, a trusted name in the textile industry, proudly holds **D&B (Dun & Bradstreet) Certification**, reflecting its strong business credibility and financial stability. This certification signifies the company's commitment to transparency, ethical practices, and reliable business operations. With D&B's trusted data verification, customers and partners can be confident in Ideal Textile Corporation's reputation as a dependable supplier of highquality textile products across healthcare, hospitality, and industrial sectors.

CERTIFICATIONS

Our overseas plant, proudly certified with **ISO 9001**, upholds globally recognized standards for quality management systems, ensuring excellence at every stage of production. This prestigious certification demonstrates the company's unwavering commitment to maintaining consistency, reliability, and transparency across all its operations. It reflects a proactive approach to quality assurance, where every process is continually monitored, from raw material selection to final delivery, every aspect of the business is designed to exceed quality benchmarks and deliver lasting value to clients around the world.

CERTIFICATIONS

Our overseas plant, certified by **Bureau Veritas**, a globally recognized leader in testing, inspection, and certification, adheres to the highest standards of quality control and operational excellence. This certification is a testament to the company's dedication to compliance, transparency, and continuous improvement across all aspects of production and service.
